Leadership 3.0 Symposium exists at the intersection of leadership, technology and innovation and provides educational leaders a

Leadership 3.0 is the place to connect with over 200 educational leaders seeking new technology solutions to improve teaching and learning. The event is a collaborative effort of the Association of California School Administrators (ACSA), Computer Using Educators, Inc. (CUE), Technology Information Center for Administrative Leadership (TICAL). It is truly “for administrators, by administrators.” The two-and-a-half day symposium features keynote presentations, concurrent sessions and several pre-conference workshops and seminars. Three organizations, one mission – Educational Leadership for the 21st century.

One attendee described it as: *...a visionary conference for administrators which supports and celebrates our journey into the future as we seek to educate students for their future.*

From a participant: *“I thought I knew it all, but this symposium was a whack on the side of the head!”*
