

LEADING EDGE CERTIFICATION for the **ADMINISTRATOR**

Do you want to enhance your digital leadership skills?

Are you interested in supporting students and staff in developing 21st Century college and career-readiness?

This National Certification Program supports you as a transformative leader in your community.

Leading Edge Certification for the Administrator focuses on site, district, and regional leaders and is based upon the International Society for Technology in Education Standards for Administrators (ISTE-A). Participants will learn how to effectively utilize technology tools, resources and innovative solutions to advance student achievement, foster educator productivity and extend learning opportunities for all.

- Transformative School Reform
- Digital Literacy
- Current & future technology trends
- Digital Collaboration
- Data-driven instruction & data collection
- Digital Citizenship
- Mapping out tech implementations
- Leading the Learning
- Millennial Learning Environments
- Digital Communication & Social Media
- Personal Learning Networks (PLNs)
- Communicating through Infographics
- Online & Mobile Learning
- Relevant Resources for Common Core

Participating educators become "Leading Edge Certified" upon successful completion of the program. Successful completion includes:

- Completion of the 60-80 hour (9 week) Leading Edge Certification (LEC) online course
- Completion of a professional portfolio containing signature assignments from the LEC course, based upon the International Society for Technology in Education Standards for Administrators.

Participants should have proficiency with web-based tools, experience with discussion boards, and knowledge of online tools and resources available in their subject area.
